Please check all that apply below

**Proposed Treatment System Location**

- New Building
- Existing Building
- Outdoors

**Next Steps**

- Additional Technical Info
- Meeting with IX Water Team
- Preliminary Estimate

**Name of Utility/Company**

**Contact Person Name**

**Email / Phone / Web**

**Treatment Site Address**

**Location City/State/Zip**

Water Attributes & Chemistry (if detected)						
	Well # or Site Name					
Hydraulic Capacity	GPM					
Annual Production in Gallons OR Average Daily Flow	GPY or GPD?					
Water Temperature	°F					
pH						
TSS or NTU (circle one)	mg/L					
TDS	mg/L					
Alkalinity as CaCO3	mg/L					
Arsenic	mg/L					
Barium	µg/L					
Calcium	mg/L					
Iron (Total)	µg/L					
Manganese	mg/L					
Magnesium	mg/L					
Phosphate	mg/L					
Strontium	mg/L					
Sulfate	mg/L					
Uranium	µg/L					

Radium 226 + 228	pCi/L					
Gross Alpha	pCi/L					
Is the water chlorinated?	Yes or No					
Other _____						
Other _____						
Sewer Connection at this site?	Yes or No					
Maximum Operating Pressure	psi					
Other contaminants of interest (please list all below in description)						
Chemicals Added for Treatment (please list all)						

**Project description, details, and notes.**
